Indian Society of Digital & Implant Dentistry

An Introduction

A pioneering platform committed to advancing the field of dentistry through the integration of digital technologies and cutting-edge implantology. Our mission is to empower dental professionals with the knowledge, tools, and support needed to embrace digital workflows, enhance clinical outcomes, and elevate patient care standards. Through education, research, and community engagement, ISDID serves as a catalyst for innovation, collaboration, and excellence in modern dental practice across India.

Key Objectives of ISDID

- Promote innovation in digital and implant dentistry through education, training, and research.
- Foster collaboration among dental professionals, technologists, and industry leaders.
- Standardize clinical practices in digital workflows and implant procedures.
- Encourage continual professional development via workshops, webinars, and conferences.
- Advance patient care through evidence-based practices and technology adoption.

ISDID Membership Benefits

- Focused group of elite practitioners.
- Regular continuing dental education programs, live demonstrations and hands-on workshops.
- Regional study clubs to promote round-the-year activity.
- Global rank mentors and trainersExposure to the most advanced dentistry irrespective of your practice location.
- Comprehensive industry support to ensure best offers and discounts on purchases.
